Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitinted, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The acrofulous taint is variously entered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venerual infaction. Whatever be its origin, it is harditary in the constitution, descending "from parents to children anto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fithers upon their children."

PLAIN AND DRNAMENTAL their children." the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and or the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constituthe energies of life, so that scrofulous contitu-tions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; conse-quently seat numbers perish by disorders which, although not scrofulous in their nature,

are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the enstern from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as Envertus and Skin Disbasks, St. Anthony's Firm, Rose, or Envertues. Pineres. Persyuma. Rose, or Entairelas, Pintles, Postules, Blouches, Blains and Boils, Tunors, Terrer, and Salt Bhrun, Scald Head, Ringworm, REPURATION, SYPHILITIC and MERCURIAL DIS-RASSE, DROPET, DYSPEPSIA, DESILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITLATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa rilla is to purify and regenerate this vital fluid without which sound health is impossible in
